

Care4all (North East Lincolnshire) Ltd– who we are and where we came from....

Introduction and background

Care4all was originally constituted as a social enterprise and a Company Limited by Guarantee as Jobs4all in April 2007. The company was formed with the aim of providing training and employment opportunities for people with learning disabilities; however as services evolved and expanded the decision was taken to change the incorporated name in December 2011. In March 2012 Care4all became a registered charity. Care4all has undergone significant changes since its inception but is now recognised as a respected local charity.
